### TO WHOM IT MAY CONCERN

This note serves to advise that Robekgo Eng Services/TA Prosper Services has, over the past 12 years assisted and partnered our company by way of local project management, maintenance and repair operations, and at times joint-venture contracting operations in Gauteng, and in the field of specialist air conditioning projects.

Bryn Weare, the Principal and proprietor of Robekgo Eng Services/TA Prosper Services, is himself a qualified and highly experienced Fan Engineer with particularly unique knowledge and experience in large centrifugal type units.

Among the more important projects that we have carried out together are major upgrades to:

Game Building, Johannesburg  
MTN, JHB

Robekgo Eng Services/TA Prosper Services part in these and many smaller projects was always carried out to the total satisfaction of ourselves and/or our mutual clients. I have the highest regard for Robekgo Eng Services/TA Prosper Services and Bryn Weare, and have no hesitation in recommending their services to building owners, developers and managers.

Yours faithfully

Patrick Hannah
